

Recommend Odoo with confidence.

A partner program for CPAs, bookkeepers and fractional CFOs. Your clients get one system for sales, operations and the books. You keep the relationship — and the books.

Referral

You introduce a client. We sell, implement and support. Books and advice stay with you.

You earn 10% of the client's fees in the first 12 months — or pass it to your client as a discount.

Co-delivery

You own the accounting part: chart of accounts, opening balances, close process. We do all the technical work.

You earn your own hours at your own rate.
